- WORKING WITH INDIAN PROSTHODONTICS SOCIETY AS A FOUNDER MEMBER AND WAS IN the executive committee and also served as the editor of IPS ODISHA BRANCH .Organised the 1ST ODISHA STATE DENTAL CONFERENCE OF INDIAN PROSTHODONTICS SOCIETY ODISHA.
- Our prime focus is service to humanity by serving all the needy people with dental treatment all other helps they need along with that paying a huge emphasis on research work so that we can develop our own technologies and make in Odisha the vision is laid stress on.
- Providing employment to various dental surgeons and giving them free training , more than 50 dental surgeons have been trained by us and they are now running their own practice successfully which give us immense pleasure.

- Dental manufacturing and entrepreneurship is always in our books and we are paying a lot of emphasis and research on that area also.
- Conducting several dental workshops and training budding dental surgeons.
- Creating jobs for skilled and efficient trained graduates and other nursing staffs and providing them with proper livelihood facilities.
- Help everyone and grow together, is what is always in my mind and knowledge is what is always to be updated and adapting new technologies with time and executing is what makes us working at our level best.
- Coming from a small town like BARGARH AND from the family of doctors coming to BHUBANESWAR AND ESTABLISH THE BEST TECHNO CARE DENTISTRY IS MY DREAM . I WILL KEEP ON WORKING ON THAT TO MY PAR LEVEL BEST.
- Have started the concept of free dental clinic for the tribals of kandhamal , providing them with free medicine sand daily dental needs and awareness.
- Worked in collaboration with UNICEF and youth for sustainability for dental health awareness among tribals
- VISION-
TO UPGRADE THE LEVEL OF DENTAL TREATMENT IN ODISHA TO A NEXT LEVEL WITH ADVANCED TECHNOLOGIES AND TO DO AS MUCH AS FOR THE SOCIETY TO MY LAST BREATH.

JAI HIND,
